### **ELCOM SYSTEM IS** ALL THIS... AND M UCH MORE!

**OLTRE UN SECOLO DI TRAGUARDI** CHE PER LA FAMIGLIA GRANIERI **RAPPRESENTA UNA FONTE DI ISPIRAZIONE** PER CONTINUARE A CRESCERE E LA SFIDA PER COSTRUIRE IL FUTURO. Una Famiglia, una Tradizione, una Responsabilità.

"Correva l'anno 1920 quando Mariano Granieri, classe 1885, creava una piccola bottega di falegnami per la costruzione di carri agricoli. Questo è stato l'inizio di una tradizione imprenditoriale arrivata fino ai giorni nostri e che oggi compie 105 anni. Una storia italiana fatta di sacrificio, determinazione e laboriosità."

Orgogliosamente Made in Umbria

### THE FOCUS ON MAN ELCOM SYSTEM CELEBRATED ITS 60<sup>TH</sup> YEAR OF ACTIVITY

#### WELCOME TO THE SYSTEM WORLD WITH THE ELCOM SYSTEM PATENTED INSULATED PANELS

## Termopareti<sup>®</sup>

## Termocoperture ®

### ELCOM SYSTEM IS 60 YEARS OF PROFESSIONALISM

### Serbond $^{\ensuremath{\mathbb{R}}}$

The system has been developed to offer to the designers the possibility to creating tailor-made projects, having not to refer to rigid standards or defined geometric rules.

Being the system versatile it enables the choice of an array of graphics and colours that enhance the high architectural standard.

#### Serie Aeffe

The use of the panels AEFFE type Athos and Olympos is necessary when a high soundproofing and a good heat insulation together with incombustibility and a high fire resistance are requested.
